Addiction in Today's Youth! What Parents Need To Know About Drug & Alcohol Abuse

Free Workshop

Have you ever asked yourself any of these questions?

How would I know if my child was using drugs or alcohol? What are the signs and symptoms? How would I know if they really had a problem with it? What are the most commonly used drugs kids take and what are their effects? Why would they be using drugs? How and where can I get help?

Answers to these questions will be discussed as well as the warning signs and symptoms of use and abuse.

Facilitator:
